

Green Tea Extract with T-Phenol 100™

Polyphenol catechins are antioxidant compounds that protect cells and tissues by neutralizing free radicals. PureGels® Green Tea Extract with T-Phenol™ provides the most complete spectrum and highest potencies of polyphenol catechins naturally occurring in tea leaves.* It contains 95% total polyphenols and 50% Epigallocatechin Gallate (EGCG), the compound most responsible for green tea's healthy function. Two soft gels per day provide a dosage in line with numerous clinical trials which demonstrate green tea's extraordinary benefits of powerful antioxidant and immune support, and in promoting energy.*
