

## Clarinol™ CLA Conjugated Linoleic Acid

The human body cannot produce Conjugated Linoleic Acid (CLA), an Omega-6 beneficial fatty acid which is primarily found in animal sources such as meat and dairy products. PureGels® Clarinol™ CLA is a premium quality CLA naturally derived from safflower oil. It is a high potency formula containing a minimum 75% pure CLA per 1000 mg. With a balanced diet and exercise, Clarinol™ CLA helps improve body composition by reducing body fat, while building and maintaining lean muscle tissue, in 8-12 weeks.\*
